Hi, I'm Oliver, an enthusiastic programmer with a full-stack skill set. I have more than 4 years of experience in the web development industry, creating massively scalable web applications. I'm helpful, friendly, and above all, useful.

Work And Experience

2017 | Web Developer at Geovation, UK

Technologies Used:

TypeScript, React Native, React, NodeJS, Google Appengine, AWS, PostgreSQL, PostGIS, Git.

Notable Achievements:

Created a microservices-based RESTful API for storing and processing complex geospatial data. I also assisted in the development of a front-end, using React Native.

At Geovation I helped to build the CityCycler app. I worked as part of a small agile team and was responsible for the development of the backend and API design.

2013 – 2017 | Web Developer (Contract) for Virtual Industries Group, NZ

Technologies Used:

Python, Google Appengine, Jinja, JQuery, SCSS, Git.

Notable Achievements:

Collaborated in the creation of 3 massively scalable SAAS applications, serving over 2.3 million users.

With VIG I learned the fundamentals of building apps that scale, and helped to rewrite and extend the hugely successful School Interviews online booking system.

Education

2013 – 2016 | University Of Auckland, New Zealand

- GPA 6.125 (A-)
- Double Major (Chemistry, Biology)
- Experience using computing clusters for computational chemistry

2016 | Google AdWords Certification

- Fully Certified by Google
- Comfortable running ad campaigns
- Specialising in search result advertising

2016 – 2017 | Citizen's Advice Bureau, New Zealand

- Volunteer position
- Improved communication skills
- Trained as an Interviewer

To Whom It May Concern:

Oliver (Olly) started work as a volunteer for Citizens Advice Bureau, Central Auckland branch in May 2016. During the 8 months that he volunteered with us he proved himself to be willing to learn, reliable and trustworthy, able to work alongside other volunteers and able to assist our clients in a meaningful way. Olly has been described to me as pleasant, friendly, co-operative, intelligent, articulate and capable.

Olly completed a number of CAB designed and delivered training modules including our Induction Programme comprised of 6 half day sessions. Olly's mentor-who is an experienced CAB volunteer, commented favourably on Olly's abilities describing him as a good researcher, thorough and considerate of clients and easy to work with.

We will certainly miss Olly in our branch but wish him well for the future. I would recommend Olly highly to a prospective employer.

Barbara McCulloch
